12 SCHOOL CHILDREN DIE IN STORM

3 KILLED IN NEW BERLIN RIOTS

BERLIN, May 2.—UP—Serious fighting between police and Communists broke out here again tonight after radical leaders had urged workers to avenge the deaths of eight persons in clashes with police on May Day.

By midnight three persons had been killed and 20 injured in riots at Neu Ko'lin, where there had been grave riots yesterday. Rioters smashed street lamps and plunged the district into darkness. Armed police fought them.

The mob withdrew to side streets off the Herman Strasse as police advanced. They fired on police from behind barricades.

Shots Returned

Police stood in darkened windows and on roofs to return the fire. Several ambulances were rushed to the district.

Bitterness was reported increasing on both sides.

The newspaper Rote Fahne, a Communist organ, issued an extra edition urging the proletariat to avenge the victims of Wednesday's clash.

Several hundred reinforcements including three detachments of shock troops, supported by armored cars, motor trucks with searchlights, and hand grenades, were sent to the scene of the fighting.

Residents Warned

All inhabitants of the district were warned to keep inside their homes with blinds drawn. Police said any one seen at a window was likely to be shot.

It was believed the police intended to storm the barricaded rioter off the Hermann Strasse.

The reinforced police advanced steadily against the rioters, driving them back and slowly clearing the streets. The Communists resisted, but by midnight the fighting had almost stopped.

The Neu Koel'n district virtually was isolated from the rest of the city by heavy police guards.

All traffic was interrupted and private cars forbidden to enter the district.

NEW COTTAGE TO BE BUILT

Edna E. Thompson obtained a permit yesterday in the office of A. J. Hurley, city building inspector to construct a one-story cottage with garage and basement on Twenty-seventh street between Macdonald and Nevins avenues. The work will cost \$2500.

A permit was also obtained by Syd Violett to repair a porch and stairs in a house on Terrace avenue between Washington and Nine streets. The work will cost \$50. E. Olson is the contractor.

Officer Saves Lost Tot From Auto Injuries

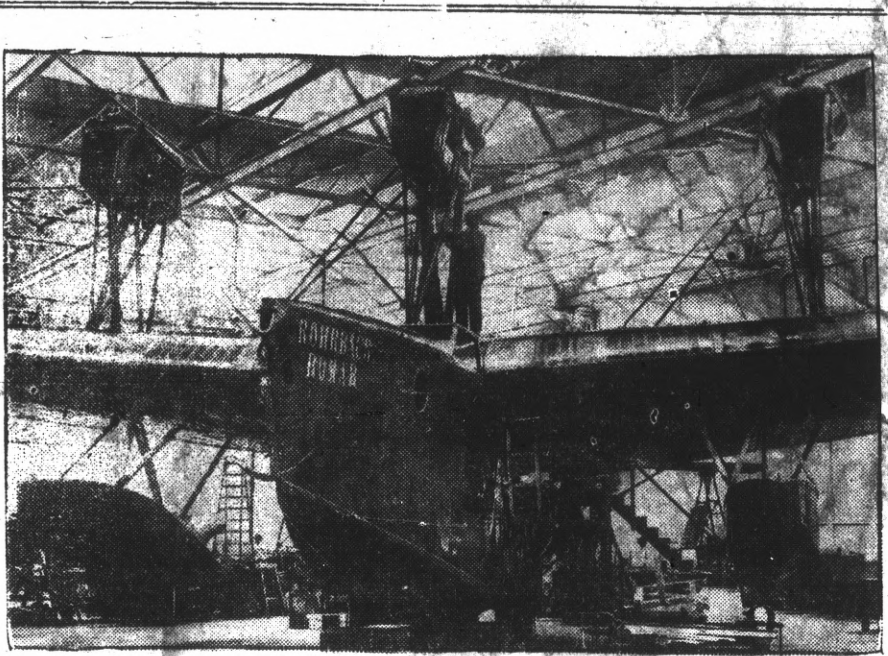

A three year old lost child was narrowly saved from injury yesterday through the actions of Policeman John Kynoch of the Richmond police department.

The child had strayed from his home, 745 Hawthorne avenue at four o'clock. Mrs. M. Hager, mother of the boy, called the police and a search was started.

At five o'clock last night Officer Kynoch saw a small boy walk toward the middle of Macdonald avenue at Tenth street in the midst of the late afternoon traffic. Kynoch immediately rushed to the child and drew him to safety. A few questions and the patrolman learned that the boy was the lost child. He was taken home to his frantic parents.

MacKINNON TO FIGHT CHARGE, QUIZ BY JURY

MARTINEZ, May 2.—Judge A. H. McKinnon of El Cerrito will not resign and will not plead guilty of the charge of driving while drunk. T. D. Johnson, attorney for MacKinnon stated today.

"We shall fight the case to the last ditch," Johnson declared.

Judge MacKinnon will be given a chance on May 14 to explain to the county grand jury how two cups of black coffee on an empty stomach resulted in his arrest last month.

Edson Hale, foreman of the grand jury stated today that every witness in the case will be subpoenaed and MacKinnon will be given a chance to explain to the jury the incident and offer such other witnesses as he may have.

MacKinnon declares that two cups of coffee, taken on an empty stomach caused his arrest while State Traffic Officer Ed Keefe and Dr. A. H. Beede of Walnut Creek allege that MacKinnon was intoxicated when he was taken into Dr. Beede's office.

It was rumored today that the grand jury is also interested in ascertaining the reason for the delay in MacKinnon's appearance before Justice Frank Glass for arraignment, inasmuch as he was arrested more than a month ago. Although MacKinnon has been in Martinez several times since his arrest, he has made only one court appearance, on the afternoon of April 1, when he asked continuance without date on time to plead.

Young Speeder Loses Plates In Court Here

There is no danger that M. V. Truitt will do any speeding in his automobile for the next 30 days. The reason is very simple. His license plates and operators card are resting in the safe of Police Judge C. A. Odell where they will remain for a month.

Truitt, a minor, came before Judge Odell yesterday on a charge of speeding. After hearing the circumstances of the case Judge Odell decided it would probably be best for the young man to do a little walking to give him a chance to reflect over the evils of too much speed.

'MA' DENIES CHARGES IN ANSWER

SEATTLE, May 2.—UP—Charges of improper conduct, love trysts and broken marriage proposals made by the Rev. H. H. Clark of Seattle in a \$50,000 breach of promise suit filed recently against Mrs. Minnie "Ma" Kennedy were denied today in an answer filed in superior court by the mother of Aimee Temple McPherson.

Mrs. Kennedy, through her attorney, John S. Robinson, charged that the Rev. Clark's complaint had been filed with intent to extort money from her and her daughter and asked the court to dismiss it.

Denial that she first struck up an acquaintance with Clark in a frequent Fourth avenue motion picture show, Mrs. Kennedy said that Rev. Clark instead had approached her in a Seattle cafeteria last December.

Numerous visits followed, "Ma" said, and admitted purchasing meals and opera tickets for the minister as well as sending him a "morsel of birthday cake" during Christmas holidays while she was in Portland.

"Ma" was touched by the Rev. Clark's "love of domestic and financial troubles" but she said she refused to be "outraged" for a loan or gift of several hundred dollars.

It was then she believed Clark contemplated blackmail and she forthwith abandoned communication with him.

She related that Clark retaliated by mailing numerous letters to her and her friends, intimating that improper relations had existed between them in expectation of marriage.

Mrs. Kennedy said she returned to Seattle Feb. 18 and found Clark repentant. Clark offered to sign a statement retracting his words if Mrs. Kennedy would sign a document exonerating him from attempts to blackmail. The evangelist, in her answer, said she refused and the \$50,000 breach of promise suit resulted.

GIRL SURVIVES HIGHEST FEVER

SAN FRANCISCO, May 2.—(UP)—A nine year old girl confined to a local hospital tonight had survived the highest temperature ever recorded—a fever of 112—according to high medical authorities of the city.

The miracle of science was revealed today when the thermometer reading of Rose Lombardi had dropped to 104 and she was believed well on the way to recovery from scarlet fever and blood poisoning.

"One of the most unusual cases on record," Dr. Harold M. P. Behneman, former resident physician at the University of California hospital, remarked.

"This temperature is not only higher than any other authentic cases recorded in medical print, but is even higher than temperatures recorded in some cases which were later found to be hoaxes or exaggerations."

Little Rose entered the Children's hospital with an advanced case of acute mastoiditis which required an emergency operation. Immediately after the operation her fever soared to 110, the highest point of a Fahrenheit thermometer. It continued to rise until it reached 112 on a centigrade thermometer.

Suit For Panhandle Right Of Way Today

Hearing will be opened in Martinez today on a condemnation suit filed by the City of Richmond against about one acre of land of the John Fay property for a right of way to complete the extension of Panhandle boulevard.

The completion and improvement of Panhandle boulevard as an auxiliary artery from the downtown Richmond section to Berkeley and Oakland has been under consideration for several years.

Upon its completion the street will relieve a great deal of the congestion now existing on San Pablo avenue during heavy traffic hours. The street which is an extension of Pullman avenue crosses to within one block of San Pablo avenue at the El Cerrito Alhambra line. A large part of the street is already in use and with the completion of the condemnation suit it is expected that the paving of the street will soon be started.

T. M. Carlson, Richmond city attorney, will conduct the suit for the city today. He has called A. C. Faris, city clerk and A. E. Hoffman, city engineer, to act as witnesses in the proceedings.

The right of way sought by the city is 30 feet wide and extends for about 484 feet through the Fay property. According to figures prepared by city officials the cost of the land should not exceed \$5000.

Spirits Not Insanity Blamed For Attack

MARTINEZ, May 2.—Henry Venancio, 30, of Richmond, was freed today of charges of insanity after he convinced Superior Judge A. B. McKenzie that it was the fermented spirits of grapes and not imaginary spirits that prompted him to attack John Souza.

The two, according to Venancio's statement in court, attended a party. Venancio became quarrelsome and sought to whip several members of the party, according to Souza. The latter interfered, he declared, and drew the ire of Venancio.

Souza attributed the attack to loss of mind and swore out an insanity complaint against Venancio. Venancio was quite normal when he appeared before Judge McKenzie and seemed to be without any spirits, fermented or otherwise.

Crooks' death occurred when the car in which he was riding with White overturned at the Pileole "bottleneck" on June 18, 1928.

After deliberating one hour, the jury brought in a verdict denying Mayor W. L. Crooks of Benicia father of the dead youth, damages of \$20,000. Crooks and his wife who filed the suit charged that the accident was due to White's negligence. White denied the charge. His father, H. K. White, was named as a defendant because of his ownership of the car. Attorney James F. Hoey represented the defendants and J. E. Rodgers and A. F. Bray represented the plaintiffs.

100 INJURED BY DIXIE WIND

JOHNSON CITY, Tenn., May 2.—UP—Reports direct from Gatlinburg, Va., tonight indicated the toll from a tornado that leveled the Rye Cove, Va., district school included 12 known dead, 45 missing and more than 100 injured. The bodies of the 12 known victims were removed from the ruins tonight.

Earlier reports of a death toll of from 50 to 80 failed to be confirmed.

The school house, a high school situated in a valley, was hit soon after one p. m. when the 155 children and teachers were in the building.

It was several hours later before the first details of the collapse were learned. The building had been leveled by the high wind trapping the children in the ruins. Under the timbers of the two story frame structure the means of the injured were heard by rescuers, who pulled desperately at the wreckage to save the young lives.

An accurate check of the dead and missing, it was said, could not be completed in less than 24 hours, due to the fact that all the school roles were destroyed.

Doctors and ambulances were rushed from a group of nearby Virginia and Tennessee towns.

A report from a merchant at Clinchport, Va., several miles from Rye Cove said that first broke out in the ruins, but from other sources this was denied.

Telephone circuits into the section were temporarily out because of the storm, and details (Continued on Page 5)

NATIONAL AFFAIRS

Now that the pacifists and internationalists have suffered defeat in the passage of the fifteen cruiser bill and the signing of the bill by the president, we may well take time to wonder what they will do next. That their carefully built propaganda machines will not be permitted to rust by disuse can be taken for granted. Already there has been a sign or two of a revival of the onslaught against citizens' military training camps and military training in our high schools and colleges. And it is to be taken also that a new attempt will be made to get Uncle Sam more closely connected with the League of Nations through the Kellogg Treaty for the outlawry of war.

It was generally agreed by American statesmen that the Kellogg treaty as ratified by the senate did not involve the United States in any program of peace enforcement which might entangle us against our will in world politics. But with the treaty passed by the senate it is perhaps only natural to expect that our internationalists will use this action in an attempt to break down the traditional foreign policy of the United States. The first evidence that something was in the wind came with the introduction in the senate of a resolution embodying the internationalist ideals of Professor Shotwell of Columbia University. Professor Shotwell is an unofficial diplomat who believes that it is the mission of the United States to get into the European political game with both feet.

The resolution provided among other things that in case of war breaking out between two signatories of the peace pact, the United States through the President might decide which is the aggressor nation and refuse to carry on trade, especially, in what might be regarded as munitions of war, with the so-called aggressor nation. In other words, in case of war between two European nations over a boundary line in the Balkans or a mandate over an ivory colony in Africa, Uncle Sam would set himself up as an umpire in the dispute.

It is hardly necessary to state that this plan has not as yet been greeted with any great degree of enthusiasm by the clear thinking, hard headed statesmen of the country either inside the senate or out. In the first place, it is pointed out, whenever a war starts each nation claims the other is the aggressor. This has always been true and always will be. It has not yet been completely decided who was the aggressor in our war with Mexico nearly a hundred years ago. This is only one example and there are many, from the time of Julius Caesar down to the World War. Now, when the next war breaks out, with both sides claiming to be on the defensive, if Uncle Sam decides that one of the nations is the real bad actor in the case and refuses to trade with that nation, he will in the eyes of the other nation committed a grave breach of neutrality which can only be settled by force of arms. As a result, having started in as an umpire Uncle Sam will have become one of the gladiators in the combat. Instead of enforcing peace he will have become entangled in war, especially if the aggrieved nation is one which is capable of real battling and is able to life up a few allies.

After all, the greatest interest in ghosts is in whether it is going to walk or not.

Most brides expect to be kept in all the little luxuries which they have been accustomed to doing without.

We seem to remember something about "frozen assets"—at least we have heard the expression. We do not know just what they are, but the South Pole region probably is one of them.

It was just twelve years ago that the United States thrilled the world by putting her wealth and manpower into the greatest war the world ever saw.

MIDWEST HIT BY FREAK STORMS

CHICAGO, May 2.—(U.P.)—The four winds swept over the mid-west and southwest today bringing freakish spring weather conditions in territories untouched by the tornadoes that dealt death and destruction in the old south.

Heavy snow blanketed parts of Missouri, Illinois and Indiana; frigid gales lashed the shores of the Great Lakes and unusual weather prevailed from the gulf of Mexico to northern Indiana.

Damage to crops, property and communication lines was beyond estimation.

Snow in Missouri
Residents of Missouri towns their snow shovels out of basements to clear the heaviest snowfall ever recorded in the month of May; four inches of snow fell at St. Louis and six inches at Springfield, Mo. A rise in temperature late in the day turned the snow to slush.

Cherry, peach and apple trees were in bloom and it was believed much of the Missouri fruit crop would be lost.

Snow, rain and cold prevailed in Indiana after a balmy May 1. A heavy snow fell at Valparaiso and other towns reported snow and cold weather. In the southern part of the state, heavy rains and strong winds damaged crops.

Winds in Chicago
Snowfall was negligible in Chicago but high winds which swept down Loop streets sustained the city's right to the title of the "windy city." Sven Sundberg, 69, slipped on a wet sidewalk and suffered fatal injuries.

12 CHILDREN DIE IN SOUTHERN TORNADO

Continued from Page 1

were slow in reaching the outer world.

A special train was sent near the scene, and more than 100 injured were reported being carried to hospitals at Bristol, Tenn., Kingsport, Tenn., and Norton, Va.

SOUTHERN STATES WHIPPED BY STORMS
ATLANTA, Ga., May 2.—(U.P.)—High winds whipped parts of four southern states east of the Mississippi today, to take lives, destroy property and cause suffering.

Reports from Gate City, Va., said that 250 school children had been trapped in a school house near there, in which 12 were killed and over 100 injured.

Ambulances and relief cars were rushed into the remote section.

In southeastern Alabama a tornado swept Baldwin county, and the Gulf coast near Pensacola, Fla., at least one life was lost at Oak, Ala., and more than a score were reported injured. A freighter was blown aground in Pensacola harbor.

Near Johnson City, Tenn., the same twister is believed to have struck mountain towns, causing reports of at least two dead, and many injured.

Dixie Hit
Winds of more than 40 miles an hour velocity swept other parts of the south at Atlanta, two persons were injured as it swept down streets.

A toll of two dead, eight injured and several missing, as well as a dozen homes destroyed by a severe windstorm at Embreeville, Tenn., and vicinity, 10 miles south of Johnson City at noon today was reported. Milton Cook, 16, was killed and Charles Gossett critically injured at Lafayette, Ga., when they were struck by a tree uprooted by the wind.

Farmer Killed
Baldwin county, Alabama, east of Mobile, counted at least one person dead when Israel Nuss, of Oak, Ala., a farmer, was killed as a windstorm nearing tornado intensity swept over that section.

Mrs. Randolph Homcock and her baby, occupants of the house in which Nuss was killed, were injured so seriously that they may die.

Damage to crops and other property in the county was described as extensive. The post-office at Lillian, Ala., was wrecked, and a residence blown down, trapping five occupants, who were injured. All communication lines to Oak, Bonsecour, Mifflin, Perdido, benefit, Orange Point and Lillian were blown down. Relief parties were organized at Bay Minette to care for the injured.

56 Mile Gale
Pensacola felt the force of a 56-mile gale centering the American steamship West Madaket ashore in shallow water.

The two fatalities near Johnson City were Mrs. Tilda Storey 88, and an infant, Benjamin Springer, son of Mr. and Mrs. Everett P. Springer, who were badly injured as well as their other three children, Samuel, Floyd and Basil.

The twister, which followed the course of the Nola, Chucky river south of Embreeville, left the water route at the end of the Cherokee mountain and literally wiped out the settlement known as Cherokee. The homes of more than a score were badly damaged, with many being completely demolished and scattered over the valley for almost a mile.

Building Thief Purloins Toys For Children

His house furnished with a new alarm clock, pair of shoes and a new suit in his possession, the Building Burglar settled down yesterday morning perfectly contented.

But his peace didn't last long. He was aroused from his rest by Friend Who who, after the manner of wives, informed him that if he wanted his young son to remain about the house, he must get him some toys. With a weary shrug, the Building Burglar journeyed out into the night.

Clarence Xenaki, 235 Twelfth street, reported to the police that a brand new coaster wagon was taken from in front of his house at seven o'clock last night.

Business Men To Form Club
Formation of a Young Business Men's club was discussed at a recent meeting in the Hotel Carquinez. Another meeting will be held in the near future and at that time final plans for the organization will be made.

Among those taking an active part in forming the club are Jack Moore, Wally Kruger, James Penman Lloyd Bolt, Dr. W. W. Hadley, Ernest Marcus and C. F. Westwood.

John Praver, Wins Partnership Suit
John Praver, owner of the Richmond Clothing company won a superior court action recently when Superior Judge A. B. Kenzie ruled that a co-partnership did not exist between Praver and E. H. Saboff, the plaintiff in the action. Praver was represented by Thomas Carlson, local attorney.

Nicholas Nugent Will Get Diploma
Nicholas M. Nugent, 24, son of Mr. and Mrs. Patrick Nugent will be a member of the first class to receive diplomas in the new Moraga school.

Nugent is a graduate of the Richmond Union high school.

Grid Aspirants Start Training At High School

More than a score of Richmond high school football aspirants are undergoing stiff workouts under the direction of Coach Ivan W. Hill.

Last night the group started tackling practice and kicking. Hill has had trouble in the past with his tackling. The boys either hit too high or not hard enough. This season Hill expects that when one of his boys tackles an opposing player, the player will know it.

Hill, Delton, Wieling, Peters, Carson and Deegan of last year's squad are assisting Hill in coaching the boys.

SEATS BUILT AT HIGH FIELD

New seating facilities for the Richmond Union high school football field are being added daily. Work started on the project yesterday morning.

New bleachers, seating more than 100 will be built on the top of an embankment on the western end of the field. The new seats will give a perfect view of the field. Whether or not bleachers will be built on the eastern side of the field at this time is known.

The work is being done by wood-working classes of the school and others. The work will be finished within a few days and a coat of paint will be applied to the new seats.

El Cerrito Game Group Will Meet

The El Cerrito Fish and Game Protective association will hold its meeting Wednesday night at the El Cerrito Athletic club, according to an announcement made yesterday by officers of the association.

A large crowd of sportsmen is expected to be in attendance as fishing prospects will be discussed.

Alumni To Meet High Track Team

The annual track meet between the alumni and Richmond Union high school track teams will be held this afternoon at the new high school oval. A fast squad of alumni players will take the field under the direction of Neil Clark.

Baroness Jumps

BARONESS NISCO on her mount "Scambro," successfully executes a difficult jump at the International Horse Show held at San Remo, Italy.

Junior League Contest Will Be Played Today

The Redmen and Baby Lions ball teams will play their American Legion Junior league game at First street park this afternoon instead of tomorrow, W. L. "Doc" Seawright announced yesterday.

The team includes three pitchers.

ers, Gordon Lemon, Merle Baskett and John Babich, and three catchers—Bob San Miguel, Lewitt Ball and Howard Miller. Others are Les Searcella, 1b; Ed Masek and Harry Transue, 2b; Howard Dalton, ss; Dave Flynn and Mike San Filippo, 3b; Bill Hampshire, Earl Rogers, outfielders.

The man who made the car is probably more familiar with its maintenance than is the average motorist. A wise motorist will consult his handbook of instructions before attempting adjustments or repairs.

TOUGH TROPHY NET FINALS TODAY

Miss Jenny Stark and Miss Sylvia Seawright will meet at the city hall tennis courts here tomorrow morning at eight o'clock to decide the final of the Edith Tough trophy.

Both girls have won the cup once but to gain permanent possession of the trophy, one must take the cup three times.

Miss Stark is a student at the Richmond union high school while Miss Seawright attends the Longfellow junior high school.

The match was originally scheduled for last Saturday morning but Miss Stark was forced to play for more than two hours and a half in the John Miller trophy play and as a result she was too tired to play Miss Seawright for the Tough trophy. Mrs. Ruth Healy, who is in charge of the play, then called the match off and set tomorrow as the day of play.

The game tomorrow is expected to attract a large crowd as both girls are almost evenly matched.

Earl Jones In State League

CHRONIC CASE OF SORE LEG

LIMB TURNED BLACK—AMPUTATION FORESTALL—ED BY FONG WAN HERB

July 10, 1928.
To Whom It May Concern:
Oakland, Cal.
About 15 years ago I underwent an operation that left my leg in an ulcerated condition from which I suffered a great deal. I treated with many herbs, but got no relief. One wanted to operate on the leg; another wanted to amputate it.

About two and one-half years ago my leg turned black and I was not able to wear a shoe. A friend told me about Fong Wan, so I consulted him. After Fong Wan gave me instructions as to diet and taking the herbs that he compounded now after eleven months my leg is in normal condition, and I am in perfect health. MRS. MARY RUTH, 66 Monte Vista ave., Oakland, Cal.

People who wish to learn more about Fong Wan's knowledge of herbs and methods of healing should get his new book free at his office or mailed to any address upon receipt of 10c postage.

THIEVES GET WATCH DOG

SPARTANBURG, S. C. May 2.—UP—A supposedly ferocious German police dog, left to guard a suburban filling station, had no terrors for robbers who broke into the place and helped themselves to a varied assortment of cigarettes, candy and other delicacies.

In fact, they helped themselves to the dog, too. They left a note, spelled out on a desk with chewing gum sticks: "Damn fine dog."

'Big Bob' On Display Here

"Big Bob" arrived in Richmond yesterday and is now on display in the windows of the J. M. Rose Ford agency. "Big Bob" is the massive drum, part of the equipment of the Ahimsa temple Shrine band, and will be conspicuous in the parade to be held tomorrow in conjunction with the Shrine ceremonial.

The huge drum, which is the largest belonging to Shrine temple bands, measures nine feet across. It is ornamented with the temple insignia and a picture of Oakland as seen from Lake Merritt.
